ABOUT US

GOBIND COACH is one of the most reputed and renowned bus coach manufacturers in North India, with an industry presence spanning over 36+ years. Committed to delivering quality and cost-effective solutions, we have established ourselves as a futuristic company, driven by a dedicated workforce and equipped with state-of-the-art infrastructure and cutting-edge technologies.

As an ARAI (Automotive Research Association of India) tested and approved manufacturer, GOBIND COACH Builders is fully compliant with BUS Code AIS 052, ensuring superior safety, reliability, and innovation in every bus we build.

Also known as GC Buses, we specialize in manufacturing Luxury and Semi-Deluxe Buses for tour and travel operators, schools, colleges, corporate staff transport, and large institutions. Additionally, we design and build customized special-purpose vehicles, including Caravans, Ambulances, and Vanity Vans.

At GC Buses, we foster a collaborative, innovative, and dynamic manufacturing environment, where expertise and research come together to create world-class buses that redefine comfort, performance, and safety.

Our Mission

Our mission is simple: to craft buses that keep passengers cozy and drivers refreshed. More than just vehicles, our buses blend beauty with comfort. With a focus on quality, innovation, and reliability, we ensure every journey is safe and sustainable.

Our Vision

We innovate with a vision to be the leading choice for bus body solutions globally, driven by innovation and customer satisfaction. Our commitment to ethics, employee development, and long-term sustainability defines our journey in shaping the future of public transportation.
